

Community Center Collaborations

The Center's Vision is to provide a "one stop" learning center with a safe, healthy and fun environment that will build student, parent and community success." It is designed to help the students, parents, and community residents with programs and services to help them be more educated, productive, and self-sufficient citizens. In an effort to fulfill this Vision, the Center helps parents and families, especially at crucial times in their lives by providing emergency food boxes, resources and/or referral to emergency shelters and other agencies. The Wilson Community Center collaborates and partners with numerous agencies to better serve this community. Some of these agencies include:
